NOTES

CHAPTER - 6 WILD ANIMALS

What is a wild animal ?

A wild animal is an animal that is wild in nature that means it are not domesticated and lives on its own. It generally lives in the forest and finds its own food and shelter.

There are many wild animals in the forest such as Lion, Tiger, Elephant, Zebra, Giraffe, Monkeys, Hippopotamus, and many more(expect these names of the animals to be listen by the students, only if they went to the zoo).

Look, who is this animal?

Yes, this is a lion. The lion is known as the king of the jungle. It has four sharp claws and a short tail. The lion's head is covered with

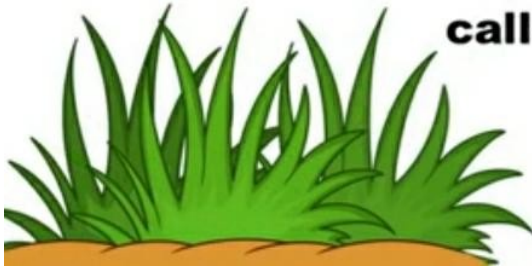

Yellow-brown hair which is called mane. A female lion is called the lioness. It is easy to spot a lioness because she doesn't has a mane. The lion prey other animals for their food and lives in the forest. The sound of the lion is called roar or growl.

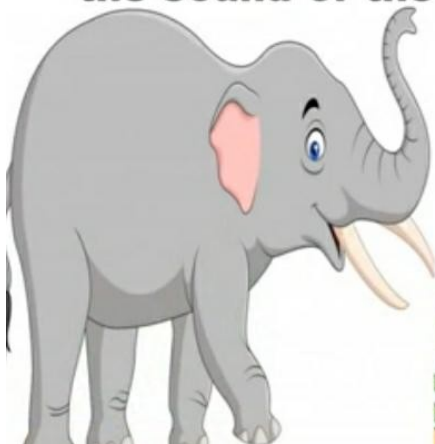

**Hey! which animal is this?
Yes, this is a tiger. The tiger belongs to the cat families that is why they look like a big cat. It also has sharp claws but a big tail. The colour of the tiger is yellowish- orange with black stripes. They prey other animals for food. The female tiger is called the tigress. The sound of the tiger is called roar.**

Now, which animal is this?

This is an elephant. An elephant is the biggest animal. It has a huge body and a big trunk. It has two big teeth and ears. An elephant loves to eat leaves and fruits specially banana. The sound of the elephant is called trumpet(if possible try to imitate the sound of the animals).

**This is a giraffe. The giraffe is the tallest animal in the world. It has a long neck and a short tail. It has two short horns.
The giraffe loves to eat leaves and fruits.**

Now, which animal is this?

Yes, this is a zebra. The colour of the zebra is white with black stripes. The zebra eats grass and leaves.

LETS LEARN MORE..

- 1) Zebras are very fast moving animals.**
- 2)The lioness does most of the hunting in the dark.**
- 3)Elephant is an animal who can not jump.**
- 4) Tigers are good swimmers. They can swim in rivers or streams.**

- We can not keep wild animals in our homes. They live in the jungle. Most wild animals are very dangerous. We must live away from these animals. Wild animals do not depend on us for their shelter, food, water etc. They hunt other animals or eat plants in the jungle.

WORKSHEET

Ques. A Answer these questions.

1. What are wild animals ?

_____.

2. Name some of wild animals.

_____.
