COMPREHENSION

The Foolish Lion and the Clever Rabbit

Once upon a time, there lived a greedy lion who gobbled up animals. All the animals in the forest were afraid of him. They decided that each day one animal would go to the lion as his food. The lion agreed. One day, it was the wise rabbit's turn. The wise old rabbit walked slowly and reached the lion's den only before sunset. The lion was angry. He asked him, 'why are you so late?' The rabbit answered, 'on my way, I was attacked by another big lion. I escaped and came here.' The lion was extremely angry and asked the rabbit to take him to meet this other lion. The wise rabbit took the lion to a deep well and showed him his own reflection. As the lion growled, his reflection did the same. The angry lion jumped into the well to attack the other lion and died. Thus, the wise old rabbit saved all the animals in the forest.
