## SECTION C- HIGHER ORDER SKILLS

Both are lost in deep discussion on some subject. The painting brings forth the simple and peaceful life in Indian villages were work and worship go hand in hand. The hurt of the saint and the landscape represent the rural landscape of Indian villages. The colours used are shades are brown and the border of the painting is blue. In the painting, refined rules of perspective have been successfully employed in the rendering of the hurt and the atmosphere of the background. Light and shade is very expertly used to indicate the half-naked body and ribs of saint Kabir. Both the saints have tied turbans on their head.The painting referred to is painted on paper in tempera medium.
