

NORTH EX PUBLIC SCHOOL  
(Senior Secondary, Affiliated to CBSE)  
School Block, Jain Nagar, Sector-38 Rohini, Delhi-81  
Periodic Test -1 ( 2023-24)  
CLASS – III  
SUBJECT – ENGLISH

TIME: 1hr

M.M.25

**General Instructions-**

1. This paper has divided into three parts: A, B and C. All questions are compulsory.
2. Separate instructions are given with each section and question, wherever necessary.
3. Do not exceed the prescribed word limit while answering the questions. Read the questions very carefully and follow them.

**Section-A (Unseen Passage )**

(5 Marks )

Q. 1 Read the passage carefully and answer the following questions -

A frog is an animal that lives both on land and in water, so it's also called an amphibian. When there is more cooling in the atmosphere, it goes inside the ground for about 2 feet. There is a difference between the front and back legs of the frog. Actually, it has four legs and its hind legs are bigger than **the front legs. The temperature of the** frog varies according to the temperature of the environment. They are mostly seen during the rainy season. So far, more than five thousand species of frogs have been discovered.

Question –

1. Where do frogs live?
2. How many species of frogs are there?
3. Which legs of the frog are bigger?
4. When does the frog go inside the ground?
5. Are frogs aquatic or amphibians?
