

An open notebook is centered in the image, displaying multiplication tables. The background is a colorful illustration of a playground with a blue sky, green trees, a wooden monkey bar set, a blue trampoline with a pink number '1' and a blue number '2', and a red slide with a yellow number '3'. The notebook's pages are white with a light brown cover. The multiplication tables are written in a playful, rounded font. The left page shows the 2x table from 1 to 10, and the right page shows it from 11 to 20. The numbers are color-coded: the multiplier '2' is red, the multiplicand is blue, and the product is green.
