Read the following unseen passage carefully and answer the questions given below : [10]  
Bears are found in Europe, Asia, Africa and America. They are massively built with short tails and thick legs. Bears are not really carnivorous because they eat almost everything. The chief exception is the polar bear which in its natural state lives on fish and seals. Bears are not quite dangerous as people imagine them to be. Like most animals, they will do their best to avoid human beings. Many hunters have been killed by bears for they can be extremely dangerous and cunning. They have a keen sense of smell.

- Q.2. Where are bears found ?  
 Q.3. What is the chief exception of polar bears ?  
 Q.4. (a) Bears are not really \_\_\_\_\_ because they eat almost evreything.

Q.16. Read the following passage taken from your textbook and answer the questions that follow.

One day, an invitation arrived. It was from the king. The invitation was for the brightest scholar in the academy. As it happened, the king wanted to compile all the knowledge in the universe into books. To get the inputs, he had invited scholars and philosophers from all over the world. There was a discussion in the academy about who to send for this conference. After a lot of thought, they all agreed that the girl is the brightest scholar in the academy. So, the girl was sent to the conference.

When the girl reached the conference venue, she was taken aback by the grandeur. She noticed a large number of men, but hardly any woman among the delegates.

I. Choose the correct alternatives.
